OPPORTUNITY IS THE DOOR

An Address by the Ascended Master Saint Germain

Friendship to Me, is the most exquisite activity in this whole Universe and it is builded out of energy contributed voluntarily by both parties who choose in sincerity to call each other friends. I can call you, in all sincerity, beloved Friends of Freedom; friends not only of Myself and My lifestream, but friends of the quality, nature and freedom who have, age after age and era after era, endeavored to serve the cause of freedom in whatever nation, whatever continent required the assistance of Freedom's Light!

We need your friendship

God needs a **body**, beloved ones, and every Ascended Master, every Member of the Spiritual Hierarchy is dependent upon the friendship and voluntary cooperation of unascended beings to fulfill the cause, the destiny, the activity which He fosters and sponsors at inner levels.

Even in the compound, it was required that lifestreams be awakened from their tremendous lethargy so that through those lifestreams Lord Michael and Others of the Ascended Host might assist to bring Light into that compound, and four such lifestreams came forth and took the vow of obedience to the Lord of the World. Thus through those four we were able to bring Light into that concentrate of evil and through them raised and transformed that energy into its natural estate. So in a lesser degree do We work for the mankind of Earth THROUGH YOU! You are the "open door"; Ours the energy, the vitality, the fire, the enthusiasm, the concentrate of Spiritual Essense that flows through the open door of your consciousness, passes through the energies of your decrees, your visualizations and your contemplations. Ours is the heritage of centuries of love

and service, but yours the door through which Our Gifts may reach mankind! Without an OPEN DOOR the perfection of the Kingdom of Heaven could not externalize.

Your attention is indispensable

Without the sacrifice of Jesus, the ministry which He manifested of mastery could not have been brought into the conscious minds of mankind. Without the voluntary dedication of your energy, individually, (and I speak to each one of you as if you and I were alone), without your voluntary attention upon the Ascended Masters, without your voluntary invitation to step down Our energy through your mental, emotional, and etheric worlds and your flesh bodies, We could not assist the race. So to the Open Door of those who have risen above the mass mind, those who have accepted Our reality and Our desire to help, to those blessed ones, We are eternally grateful - without them, the world in truth, would be lost!

Opportunity came to your door, beloved ones, when you had nought to measure truth or falsity except by vibration. You chose to take Her Hand and made the association between My own Heart and yours a closer one. You recognized My Beloved (Goddess of Opportunity) and according to your perception of Opportunity in the days ahead, will your freedom be assured. OPPORTUNITY IS THE DOOR AND FREEDOM IS THE REWARD!

Opportunity comes in many disguises and not always blazing Her Light - only vibration apprises what is to be done that is right. Remember, when a hand is outstretched for assistance; remember when a heart is in trouble; when a fellow traveler along the road is stumbling - THAT IS OPPORTUNITY to expand your Light and to do right!

I give to all of you My personal gratitude and My blessings.

PEACE THROUGH BALANCE

By Fred Bruce

ONE of the things that should be impressed on every individual at an early age is the understanding of the Law of Balance - that you NEVER GET SOMETHING FOR NOTHING - in either the physical or spiritual worlds. That for every gift received (whether tangible or intangible), for every service, something must be given in return to make the balance! If you endeavor to live up to the Golden Rule, then some time, somewhere the good sent forth will come back with greater perfection; and for every wrong done to any part of life, some time, somewhere the individual will have the opportunity of "making things right" - to make the balance. It is because of this Law that mankind have the present stress, strain and struggle - they are meeting up with their mistakes and have the opportunity to balance that debt by "making things right"! Even for Divine instruction a balance must be given by each individual by some service, physical or otherwise, that will help to expand that instruction.

Peace cannot be attained unless the individual is both happy and comfortable and they cannot be that without a certain amount of balance! You cannot run rough-shod over any part of life and have Peace because it is not balance; and neither can you be a doormat and be at Peace - neither is balance. Each individual needs the balance of gentleness, firmness and flexibility.

LIFE, being the greatest Gift that man can receive, requires a tremendous balance of daily service to God; gratitude to God for Life; and service to man, animal and elemental. Mankind must give SOMETHING CONSTRUCTIVE BACK TO GOD so as to porvide the track by which they can receive more of the good and perfection they desire. What they give to life comes back to them! So, to be at Peace, try and walk in the "middle way" and do all thing in balance, with Wisdom, which gives you control of Life's energy and eventual Mastery.

ON THE FIFTH, SIXTH AND SEVENTH ERAS

(For Beginners)

By Charity Masters

Many times those from the orthodox churches not only resent or wonder why we speak of other Ascended Masters besides the Beloved Jesus, such as Saint Germain, thinking it is something "heathen" and yet the explanation is very simple.

Everything in our System is divided into SEVEN parts, departments or ERAS, Each ERA or Age lasts for an approximate two thousand years and during that time there is a SPECIAL BEING in charge of mankind with the responsibility of emphasizing a SPECIAL GOD QUALITY during that two thousand year cycle.

What Moses and Jesus brought

The Law of Moses was predominant when Jesus came to Earth. It was the end of the Fifth Era or department that dealt with the EXACTNESS OF THE LAW ("an eye for an eye and a tooth for a tooth"). Jesus ushered in the SIXTH ERA where the quality of LOVE AND GRACE superseded the Mosaic Law.

We have now come to the close of this Sixth Era and the Seventh Era has opened before mankind, with another Ascended Master in charge and bringing another Quality to be the predominant activity for the coming two thousand years. This is the Ascended Master Saint Germain Who represents FREEDOM to the Earth, and the very stirrings of all life, all nations, all people for greater Freedom proves the Truth of this. During the coming two thousand years Freedom will expand until there will come a time right here on our planet Earth when there will be no sickness, no poverty, no distress of any kind and even death itself will be no more!

As you can see, Moses was in charge for 2000 years, then Jesus for 2000 years and now the Ascended Master Saint Germain, and you can go back that way millions of years and find the explanation for each religion as it has come forth.

The Law presented by each such Teacher of Truth was correct for that particular Era of time and mankind should learn the lesson and progress forward with each new impetus of the Light instead of resisting and throwing obstacles in the path of the new teaching. Mankind should have learned at the time of Moses that WHAT YOU SOW, in thought, feeling, word and deed, some time, somewhere the individual will REAP back into his own world, for his Life makes a circuit and he is "home". to all the energy that goes forth from him.

Jesus stressed the Law of Love - to love not only God but MANKIND as one's self and thus by SOWING only GOOD, he would reap back into his world a like harvest of good and perfection.

What Saint Germain brings

Now the Ascended Master Saint Germain comes with instruction that heretofore was only taught in the Ascended Master Retreats throughout the world, telling mankind the secret of the ages and providing a divine "tool" by which they still may free themselves from all wrongly qualified energy released by them through aeons of time, in a painless manner - IF THEY WILL BUT ACCEPT IT!

Jesus taught the same law as Moses only on a higher plane, that the exactness of The Law could be CHANGED if you lived by the Golden Rule; and Saint Germain brings a further understanding of how to INVOKE that which you desire into your world and brings a special gift that will transmute all the CAUSES set up through aeons of time, which brings Freedom to individuals first and then to all mankind.

THE SERVICE OF THE ARCHANGELS

An Address by Beloved Archangel Gabriel

"I AM" among Those Who are the Messengers of the Most High Living God moving with the speed of light to carry always the Word and the Message of that God to all who are in a state of listening grace, who can receive it, benefit by it and utilize the truth that is within it, for the benefaction of themselves and of their followmen.

I have been called the great Announcer throughout many ages and My announcements have always been 'good tidings of great joy' to this, to all previous and to all succeeding generations, because I carry the Word and Purpose, the Nature and Being and Directives of the Heavenly Father, Who desires for you, your loved ones and this blessed Earth ONLY that which is good, uplifting, only that which is of benefaction to everyone of the three Kingdoms hereon abiding at the present time, as well as those who are to abide here in the future.

The Kingdom of the Archangels defined

The Kingdom of the Archangels and of the Angels is a Kingdom of Illumined Obedient Service to the great God Principle externalizing at every opportunity more and more of the Perfection which is in the Heavenly Father's Realm, in whatsoever Sphere They abide at any time. Not all Angels have the strength and power of the Archangels. No, there are some newborn each day according to the requirement of the hour; Some so small that They can rest in the palm of My hand but All are intent upon the expression of the feeling nature of goodness and the expression of God Will here on Earth as it is in Heaven.

The Three Original Kingdoms

Beloved ones, when you consciously choose to change your natural evolutions, you have an added responsibility before the

Karmic Board and to your own Divine "I AM" Presence, because in the beginning God created three Kingdom for a specific reason - the Angels to carry the feeling of Himself into the spheres into which He might choose to direct them; the Elementals who respond to the Resurrecting Flame of the Lord Maha Chohan and to bring forth on Earth the magnificent beauty of Spring and Harvest time as well as the human kind to within their fourteen thousand year cycle develop and mature, becoming members of the Spiritual Hierarchy and joining with the Illumined Ones to flower in the Royal Court of Dignity of those who have the courage to embody; and through such a cycle upon the Earthplane had gained certain knowledge and applicable use of the control of energy and vibration.

Now, when an Angelic Being changes from His Own Kingdom, often with the best intent at Inner Levels, His vehicles have been created for many aeons of time and are sustained by the vibratory action of the great Silent Watcher of all the Angelic Host. They are primarily Beings of feeling. Their emotional bodies are much more developed, shall We say, than the mind functions and when They get into a human evolution. They still have the emotional consciousness of the Angelic Host and have to have assistance in the development of the mental process of the humankind which usually takes many centuries to have balanced perfectly.

We sustain the happiness we bring to you

So it is best whenever possible for individuals to evolve upon and stay upon the line of evolution which the Godhead designed for each and every one and then you do not have anything more than your own four vehicles to bring into alignment and you are already within the natural orbit of your being. Association between Angels, human beings and elementals was one of the activities in the earlier ages and such association and communication brought a great sense of understanding between the three king-

doms. In these previous eras they were not allowed to actually intermingle so far as changing evolutions was concerned. After the laggards came from the other Stars, and this process of changing evolution took place much of the conditions arose which Our beloved Ascended Master Saint Germain is endeavoring now to unravel, so that each set of beings may again find their own evolution, develop thereon and again have the joy of communion, and the blessing of fulfilling their own God Divine Plan.

Being the Messenger that brings glad tidings to mankind gives to Me the opportunity to point out how much blessed you are in the use of the power center at your throat, in the use of worded expressions, in the use of free will, so that you, too, at all times, under all circumstances may carry such tidings of joy and happiness only to all that you contact. The world is filled enough, beloved children, with woe but there is not too much of happiness exchanged among humankind. The happiness which We bring to you, We endeavor to sustain by Our love and light until Our next visitation. Now you become the conveyors of happiness and joy and good tidings to your fellowman, to the little elementals, to the Directors of the Forces of Nature, to the blessed individual beings that have not yet the power of speech - hundreds and thousands of them upon the face of the Earth who cannot pray for they have not the use of the spoken word; they have not the intelligence to create through that spoken word JOY AND HAPPINESS TO THIS GENERATION, with the exception of bird life which contributes through song.

I shall absorb the cross you bear

"I AM" vitally interested in the Holy Season, beloved ones, as I was so closely associated with the Holy Mother Mary from the time that She entered the Temple Herself; from the time that She grew to a beautiful young Woman and then took unto

Herself a Husband, and then brought forth the beloved Master Whom mankind honors now in this Holy season, Our blessed Jesus. It is always a joy and an opportunity for Me to give honor to the Holy Family and to the Immaculate Concept Which the Blessed Mother held within Her heart, which I was privileged to strengthen on those occasions when She required it and as that cross stood on the top of Calvary's Hill, across it, larger than it, blocking out the very sight of the desecration of the Son of God, I placed My Own living, palpable Pesence as a comfort to the Mother and to John and that light helped to sustain Her in those three hours! So shall I do for you - what cross you bear, each and everyone. I shall stand before that cross, absorb it into My very Self and let you be free, FREE, as Jesus and Mary and John were free from sorrow and distress and limitation.

Mankind, you know, are peculiar individuals insofar as their particular woes are concerned. I have often asked to take the cross of some very discouraged individuals but they like the feeling of that cross and so they kept it. There are people at the other side of the veil who have passed through so-called death walking around with crosses that could have been dissolved thousands of years ago still weeping over them, but not Our beloved Jesus nor His holy Mother, nor any illumined and sensible lifestream.

Distress is not necessary

That cross is untransmuted karma and can with one sweep of Our hand be removed, if you will be so kind as to let go, LET GO, LET GO! and allow that karma to pass into the sea of forgetfulness. Some are young; they feel that they must pass through the door of the cross to gain their own freedom at the close of the Earth-life. Some have not even thought that far ahead. But for all I say this morning, LET THE OPEN DOOR INTO YOUR ETERNAL VICTORY AT THE CLOSE OF THIS

EARTH SPAN BE WOVEN WITH THE LILY AND FILLED WITH THE FIRES OF HOPE and not be the cross of blood and suffering and distreasses, wholly and unnecessarily assumed by the mass consciousness of mankind. Therefore I create in the emotional, mental, etheric and physical atmosphere of Earth that Open Door with My Own Light Body and remember it for yourselves, your loved ones, anyone, anywhere that you know is passing from the vehicle of flesh so that they may walk forth in dignity and victory.

Also at the gates of birth, We shall remove that cross of pain and suffering and agony, distress, and create a beautiful oval door of hope for the mother and the children to come, that they may be born as they were in ages long forgotten, with laughter and in happiness and that their karma if it is untransmuted at inner levels be transmuted the moment of their birth and they come into embodiment free. THAT! IS THE PURPOSE FOR OUR BEING!

It is the purpose for your being, to accept, utilize, magnetize and radiate the POWERS OF POSITIVE CONSTRUCTIVE THOUGHTS, FEELINGS, WORDS AND ACTION which is the Resurrecting Activity which will raise your own vibration, as well as that of all around you and sustain you all in a happy, buoyant state which is and should be the state of the chela upon the Pathway of Light. Buoyancy, joy and happiness are a part of the religious life, not depression and the various denials of flesh and soul.

We affirm to you again, on this the Sacred Holy Thursday when mankind begin their thoughts of the Passion, to endeavor to keep your consciousness an open door through which We may pour that Immaculate Concept of the Living, Breathing Jesus, Resurrected, then Ascended and Free! And the Living, Breathing Mother, blessed Mary; and you, each one, as assistants in expanding the Glory of His God Light and Her God Light.

OPULENCE

By Ralph Yancy

EACH individual is here on Earth for the purpose of gaining MASTERY. Some have earned the right to be custodians of supply but now must learn how to have good health; others have the health but need to learn to draw to themselves supply, for it is God's Will for each one of His Children to have both health and supply and whatever is required to make them happy and comfortable. Therefore, no one should be discouraged when problems arise but rather feel it is a wonderful opportunity to apply The Law and gain more Mastery!

There are three activities of the Light which when followed faithfully will bring tangible results. First, the calling into action three times each day the Violet Transmuting Flame and take the time to draw it through every cell and part of the physical body, the etheric, mental and emotional bodies. This will dissolve the pressure of the human creation that is endeavoring to act and enable the individual to use the Second activity. This is the sending forth of the actual FEELING of impersonal DIVINE LOVE, kindness and tolerance to every part of life. This cannot be mere words but the sending forth the **feeling** of Divine Love is THE KEY to everything you desire in your world.

Then follow with the Third activity, and send forth the powerful statement used by Jesus - "I AM" THE RESURRECTION AND THE LIFE! Speaking aloud fifty times, three times a day - "I AM" THE RESURRECTION AND THE LIFE OF MY SUPPLY OF MONEY AND EVERY GOOD THING - feeling deeply God is your supply, and being conscious of that statement continuously during the waking hours will not only draw the Light in and around you but also brings with it Jesus consciousness of the power within that statement to raise everything in your world into ever greater perfection. Thirty days of such application will give all the **proof** required to anchor in the consciousness that God is truly your supply!

ENLIGHTENMENT

By Mabel Hopkins

WHAT does the LIFE OF JESUS actually mean to you? What does the Resurrection mean? Is it just a story that you remember at Easter time or have you recognized the deep Truths which some time, somewhere every individual must also manifest. Let us look at some of the special activities of His Life:

1. Jesus was trained from infancy to MAGNIFY THE GOOD, or God part in everrything he contacted and to give no power to the screaming appearances of imperfection. He thus concentrated His attention on the Living Light of God within His own heart and that of others, recognizing only the Divine Plan or Immaculate Concept. THIS WE MUST DO!

There are no "miracles"

2. As Jesus grew in understanding and application of magnifying the Good, He learned to give ALL POWER to the FATHER WITHIN, and He **worked with the Father,** listening to the still small Voice of God in His Heart and following Its promptings. He built such a powerful momentum in this daily application that when He went forth to serve, He was able to make the call and have the instantaneous answer. The people called these manifestations "miracles", yet there are no miracles but the perfect working of a Divine Law, as exact as two times two is four! THIS WE MUST LEARN TO DO!

3. By making His contact each day with the CHRIST WITHIN, and calling It forth into every expression of His Life, the **union** was made between His outer self and the Christ within, when He was Baptized by John. Both the Lord Maha Chohan and Lord Divino (Lord Maitreya) assisted Him in this. WE TOO MUST BECOME "THE CHRIST"!

Jesus only saw Perfection

4. Having trained His attention to see only Perfection, his feelings to give ALL POWER to God, and building His Mighty Momentum, He was able to look upon the distorted bodies and disturbed minds and feelings and SEE ONLY THE PERFECTION OF GOD enfolding the individual and the healing took place, regardless of what it was. Human appearances have only the power which we give to them! We cannot serve two masters! Therefore LEARN, so far as you and your world are concerned, that GOD IS ALL POWERFUL over every human appearance and give it no power. THIS WE MUST DO!

5. On Palm Sunday Jesus reached the peak of His popularity and the multitudes approved of Him and shouted the "hosannas". Yet this was the time of His greatest danger for his enemies were plotting against Him.

The Ascension is your goal

6. **Only four days later,** HE STOOD ABSOLUTELY ALONE WITH HIS GOD - the crowds deserted Him and even His friends and disciples did not stay. It is easy to go along with the crowd, but it requires God Strength to stand firm when all your friends and loved ones feel you have **failed** them. He was falsely accused, ridiculed and put to an ignominious death and to the outer, He seemed a failure! Yet in that final test of GIVING ALL INTO GOD'S HANDS - HE WAS VICTORIOUS in overcoming the world and the last enemy of so-called death! WE TOO MUST LEARN TO STAND ALONE WITH OUR GOD!

7. To those who are faithful is given the CROWN OF VICTORY! And on Easter morning Jesus manifested the ALL POWER OF GOD - IN MAN - to overcome every single appearance in this world, even that last enemy of so-called death in the VICTORY OF THE RESURRECTION and forty days later the ASCENSION and the TRUTH of ETERNAL LIFE. THIS ALL SINCERE STUDENTS MUST DO!

HEALTH

By Margaret Marsh

JOY is God's great Motor of Life that keeps Life expressing Perfection! When something goes wrong with any motor, it prevents the vehicle from functioning properly whether it is an automobile, lawnmower or your physical body. Therefore, when something less than perfection tries to manifest in your body or affairs, do not just accept it, but realize it is time to have an "overhaul" and DO something and see what is clogging your machinery!

Are **you** a Joyous individual or do you still believe that only certain special people can express that God-quality? **Everyone** should be JOYOUS in whatever service they are giving or they are running with a "faulty engine"! Regardless of your present circumstances, why should you not be joyous; you have LIFE, you have intelligence, and **you have the Ascended Masters understanding of the Laws of Love** that helped to set Them free, and when earnestly applied will "repair" your vehicles and set you free too!

Your call to your God Presence "I AM", and to the Ascended Master Saint Germain to blaze the Violet Transmuting Flame through your feelings, thoughts, memories and physical body will start the dissolving and transmuting of these causes of "engine trouble" in your world, and as you JOYOUSLY use this freeing activity of Life that has been provided in love to remove the causes of imperfection in your world, you will note a definite improvement in your health, for your mind will be happy and your feelings joyous and this cannot fail to produce better health in your body. God's WILL is ALL PERFECTION and a joyous attitude of mind and feelings is the "Divine Tuneup" that will enable you to express a portion of God's Will.

You are privileged people dear readers! So many of mankind do not know God's Laws and do not have the contact with the Ascended Masters which you have - therefore be JOYOUS!

WHY DECREES LIVE ETERNALLY

Excerpts from an Address by the Great Himalaya

Beloved children, I have visited with you many times and often have you come to Me in the heart of Asia, many of you volunteering to serve in that continent where there is such great Light and yet where there has been such great darkness! Many of you have contributed to the Light of Asia and I thank you and bless you an behalf of the peoples of Asia, and on behalf of all those who live yet under the fear of starvation and privations, the like of which you know not of in the West.

Those of you who have come to Us, into the hearts of the Retreats, to the heart of the Wesak Valley, to the great Gobi Desert, to visit Shamballa, to sit at the feet of Our Lord Maha Chohan, to you all I give the blessings of Asia, the blessings of the Fourth Root Race and all of its Sub-Races and all the imprisoned life that is a part of My Body and My Being, that is stirring now and is being restored and transmuted through your interest and through your calls. Know that your calls are still vibrating through the ethers over this continent and that hourly the repeated activity of purification goes on.

Know ye that when you make a fiat or decree in the Name of God, Who made both you and I - when that is made in the Name of "I AM" - that decree lives eternally because it is ensouled by some God Free Intelligence, Angel, Deva, Cherubim, Seraphim or elemental and that Being uses that and keeps it living and pulsating for the benefaction of the race. When you say, "I AM" FREE", some Intelligence belonging to the Seventh Ray utilizes that consciousness and statement and keeps it pulsating through the emotional world and the mental world and the etheric and physical worlds of all mankind!

When a group of individuals with sincere intent and God desire to help mankind gather together and give forth any type of constructive call, visualization or decree, for such a group there is

always gathered specific Angels and Devas and They are so happy in that release of energy that They keep it sustained and active constantly, long after you have forgotten it!

So in Asia, particularly in Siberia and in those places where mankind suffered great degradation the Law saw fit to freeze the land and temporarily stop the radiation of certain activities until mankind could gather its spiritual forces again to meet and control them. With the dissolving of the ice caps, which was Our Beloved Morya's petition to the Karmic Board some time ago, with the absorption of the water by Helios and Vesta causing the excessive heat, there is stirred into animation again some of that creation which has not been transmuted.

We are grateful indeed for any and all of you who care to remember Us, and to individually call for the purification of the miscreations of mankind through thought, feeling, spoken word and action, particularly all connected with the Fourth Root Race and its Sub-Races.

Thank you for the opportunity of speaking with you!

THE FIRST ALCOHOLIC ANONYMOUS

This is the story of how William W., the anonymous founder of Alcoholics Anonymous, was inspired to launch his great enterprise.

A hopeless alcoholic, he was sitting one evening at a kitchen table with a friend he knew as a lifelong fellow-alcoholic. He offered this man a drink, and was turned down. William W. was startled. His friend explained he had joined a religious group which had taught him to believe in God, and he had thereby found the will power to resist liquor.

William W. was dumbfounded. For a month he continued to drink and to meditate upon this startling phenomenon. Then he went into a hospital to take "the cure" once more. For weeks the whiskey was medicated and sweated out of him and, finally, his head was clear. But his spirits were low. He decided to try to do what his friend had done, and concentrated on this thought, "If there be a God, let Him show Himself".

The result was instantaneous and indescribable. There was a blinding electric flash of white light. He seemed to be on a high mountain with a great wind of electric force flowing not only over but through him. His body trembled with a consuming ecstasy, and then he felt a great peace.

He telephoned his hospital doctor, described his experience and asked him, "Do you think I am mad?"

We do not know what the doctor really thought, but his answer was, "No".

A few months later William W. founded Alcoholics Anonymous.

To-day A.A. has 200,000 members - who have never taken a single drink since they joined.

TO OUR BELOVED AND GENTLE READERS:

"Hope" magazine begins on April 1, 1961, on the upreaching tide of the Resurrection Flame, its seventh year of progress and usefulness to its readers. Several improvements and new features will make of each issue an individual booklet of instruction for both new students and the esoteric students as well. It will be especially adapted for Gift Subscriptions as it will carry the Ascended Masters' Message is an elementary and clear presentation for which purpose this magazine was originally established by the Ascended Master Serapis Bey, Director of the Fourth Ray.

The new yearly rates, beginning April 1st, 1961, will be $3.00 in U.S.A. and Canada and $4.00 elsewhere. This slight increase is due to the increase in printing costs, which have also affected other publications, as you well know.

We feel sure that our readers will appreciate our endeavors (under the direction of the Beloved Ascended Master Serapis Bey) to improve "Hope" Magazine and anticipate the renewal of your own subscriptions as well as that of friends. This issue (February 1961) is the last of present Volume VI.
